# 4 ELEMENTS KIWI WALKER®

At Kiwi Walker we realize that tender loving care consists of many important details. The new 4Elements collection accentuates that every single element of our world deserves recognition and attention:

**Nourishing Earth**

**Pure water**

**Heating fire**

**Fresh air**

The new four design series are inspired by these fundamental four elements. With the new collection we would like to express the respect for our planet. We combine the utilization of recycled materials with high requirements for user comfort, quality and design of our products.
